Sir,

Sub:Livestock - Combined Sheep and Cattle Farm, Kurukuppi Water carts - purchase - sanction of.

The strength of livestock of all categories is about 1000 in the Combined Sheep and Cattle Farm, Kurukuppi (Bellary District) They are housed at present in 5 permanent sheds and one temporary shed for the cattle and 4 temporary sheds for the Sheep. These are located at a distance from one another. An adequate supply of water both for drinking and other purposes have to be carted for these buildings and sheds, from a well which is at a long distance. In addition the trees to provide adequate shade in the grazing area and succulent leaves for the sheep have to be watered.

2/- At present a pneumatic two wheeled cart mounted with 3 empty oil drums is used as a water cart and is not able to supply the requirements to the extent necessary. I, therefore, request that Government may be pleased to sanction two water carts of 120 gallons capacity each. The cost of the two water carts will be about Rs.1250/-. The expenditure is debitable to "41-Veterinary-f.Breeding Operations - H. Postwar Reconstruction - (iii) District Farms - Other charges - Purchase of deadstock."

Yours faithfully,

D. Balakrishnan
